The Art of Layering

Creating a warm, inviting guest room offers comfort and a sense of safety for anyone staying with you. The secret to a guest-ready bedroom is thoughtful layering, combining beauty, coziness, and functionality. Start with soft, breathable bedding, layering quality sheets with a cozy duvet and textured quilts for added comfort and versatility. Include pillows in different firmness levels to cater to individual preferences, and complete

the space with decorative accents that add charm and personality. Incorporate furniture with dual purposes, such as an ottoman for guest belongings or a bedside table with ample surface space. Keep essentials like fresh towels, toiletries, and water within easy reach to make guests feel cared for. Personal touches, like a small vase of flowers, a favorite book, or a softly glowing bedside lamp, create an atmosphere of thoughtfulness and warmth.

The Heart of Hospitality

The best way to make your guests feel at home is to ensure they have easy access to everything they need. Whether displayed openly or tucked neatly in the cupboards, having kitchen goods that are both beautiful and practical will create a welcoming atmosphere. Thoughtful organization, such as grouping items by use or placing frequently needed items in accessible spots, adds an extra layer of convenience.

MOCKTAIL

Fig & Thyme Spritz

With a homemade fig simple syrup infused with honey, thyme, and vanilla, this mocktail is a beautifully garnished refreshment for dry January and beyond.

1 tsp vanilla extract
½ cup honey

Pour 1/3 cup fig syrup into a cocktail glass with ice. Top with sparkling water and garnish with fresh thyme and fresh fig slices.
